

NOTICE OF DECISION FOR FILM POSTER

Under regulation 32 of the Films, Videos, and Publications Classification Regulations 1994

Title: Russian Teen Anal Virgins
OFLC ref: 1200011.001
Medium: Slick
Distributor: Risque Entertainment
Applicant: Film & Video Labelling Body

Decision: Not Approved

Reasons for decision:

The slick is likely to be classified as objectionable if submitted under s13(1) of the Films, Videos and Publications Classification Act. It tends to promote and support the exploitation of young persons for sexual purposes. The publication is an explicit presentation of sexual activity. The woman in three of the images is presented as a schoolgirl. She is young-faced in pony tails attired in a white blouse, long white socks, and tartan tie, sneaker and skirt. Her costume and coy pose present her as a young person. In two of the images she is explicitly depicted engaging in sexual activity with a man. The slick is designed for the sexual titillation of an adult male audience. It suggests that schoolgirls are available for, and desirous of, sexual activity with adult men. This is accentuated by the textual references to "teens" and "virgins" in the prominent title. It implies that young persons are acceptable sexual partners for adult men and legitimate subjects for adult sexual fantasies.
